## Sustainably Produced and Bottled with Solar Energy

We are in the midst of a green revolution.  
To owner John Ingle, going green means  
giving respect. Respect for the land by  
farming sustainably. Most importantly it  
means respect for the consumer by  
giving them our very best product and  
by educating them about Heron Hill's  
long-term goals of environmental balance.

## Fermentation/Production

Fermented in stainless steel tanks.

This wine is transported to a specialized  
tank that carbonates the wine to create  
bubbles then is bottled at a high  
pressure and cold temperature.

## Tasting Notes

This lightly sweet Moscato style wine has  
delightful floral aromas. Distinctive ripe  
grape flavors with undertones of orange  
blossom, honey and spice.

## Food Pairing Suggestions

Spicy and tangy dishes like Asian or  
Mexican cuisine. Also a lovely pair with  
sweet desserts such as a fresh fruit tart or  
orange sorbet.
