WINE CHARACTERISTICS

Forward and inviting style, with apricot and peach flavors followed by a crisp finish. Our most popular Riesling, this wine, which is sourced from many different vineyards, combines the flavors expressed by the Finger Lakes Region. It exemplifies the bright fruit flavors, crisp acidity and mineral characteristics that make the Finger Lakes the premier Riesling region in North America.

FOOD PAIRINGS

A wonderful and versatile wine suitable for fine dining, parties or on its own. Pairs nicely with Asian cuisine, finger foods and grilled pork chops with pineapple.
