WINE CHARACTERISTICS

The Game Bird Blush is a refreshingly sweet blend of Vinifera and French hybrids that now comes with a screw cap. This blush displays a bright rosé color, exhibiting plush cranberry, strawberry and grapefruit aromas on the nose. In the palate, this wine has a generous sweetness that enhances the fruitiness of the bouquet. There is a gentle acidity that lingers through a soft finish.

FOOD PAIRINGS

This delicate wine is also a great addition to any picnic basket or Sunday brunch. Game Bird Blush is a perfect match with turkey, pork, Asian foods and a charcuterie platter.
